

ZOY's

RESCUE MISSION

OVERVIEW

The Zoykids have crash-landed on a distant planet and can't survive on their own. It's up to you to rescue the Zoykids from the clutches of the angry natives and get them home - all the while keeping a lookout for hidden areas that grant access to bonus levels!

BASIC CONTROLS

- = Jump / Fly
- = Run Left / Right
- = Drop Down

ZOY

That's you! Your mission is to gather up all the Zoykids and get them back to the safety of your rocket.

THE ZOYKIDS

The Zoykids are hiding from the angry natives and waiting for you to save them! Walk or fly over them so they'll follow you. You can have several Zoykids with you at the same time, but beware: the more Zoykids following you, the easier they are for the angry natives to catch!

A MATTER OF TIME

Getting the little guys back to the rocket is one thing. Doing it quickly is another. So even though taking the Zoykids one at a time might be safest, it's certainly not quickest. How much are you willing to risk?
